**Subject:** Planning Board

Good Afternoon

I am not familiar on how the Planning Board process works - I have a question in regards to the Planning Board - June 28, 2006 Tentative Agenda.

On the agenda they have listed Regular Items No.6 - **Apple Ridge Subdivision (06-24) Shaw Road (Esposito & Associates) Proposed 49-Lot Residential Subdivision.**

My question is did this subject make it to the Planning Board Meeting? I checked the Planning Board Meeting for June 28th but it is not available on line - Were there Planning Board meeting minutes for that day?

How do I follow what is going on with the Apple Ridge Subdivision?

I am personally interested in this particular subdivison because my home is located in the middle of the orchard and would like to be aware of what is going on - my husand and I (Kari & Chris Messler) live at 81 Shaw Road, Rock Tavern.

Any info would be great or point me in the direction I need to go.

Thank you for your help.
